

View Patient Alerts and Observation Charts																																																																					
	<p>Patient Alerts recorded in Patient Administration System (PAS) are visible in Affinity ePatient. These are notified by a <b>hazard symbol</b> in the Alerts column on the patient line.</p>																																																																				
	<p>To view the recorded alerts, hover your mouse pointer over the <b>hazard symbol</b>. The recorded alerts will appear in a bubble.</p>																																																																				
	<p>Observation Charts from Patient Track can be opened from Affinity ePatient. The NEWS score is displayed in the <b>NEWS</b> column on the patient line.</p>																																																																				
	<p>Click once on the <b>score marker</b> and the Observation Chart will open in a separate tab.</p>
