

| Lists | |
|--|--|
| The Lists tab allows for the searching for lists of patients based on four search criteria: Consultant; Context; Date and Tasks | |
| Click on the Lists tab | |
| From the Lists Tab, you can create a list based on one or more of the criteria listed: | <p>Consultant - Enter the name of the consultant(s) whose patients you want to list.</p> <p>Context - Select from list: All (patients from all clinics or wards); Clinic – in the box below, enter the name of the clinic(s) for which you want a patient list; Ward – in the box below, enter the name of the ward(s) for which you want a patient list.</p> <p>Date - Select from a dropdown list:</p> <p>Current (admissions which haven't yet been discharged) Past 24 hrs (admissions which were active within the past 24 hours) Clinics for Today; Tomorrow; Yesterday or Next Monday-Sunday.</p> <p>Alternatively, select Specific, to display the calendar, and select a date by clicking on it</p> |
| NOTE: All options may not be available at once. Their visibility depends on selections made for the Consultant & Clinic criteria | |
| From the Context dropdown list, select All | |
| In the text box, type in the Ward name or Clinic, e.g. Howard and select the resulting ward or clinic | |
| On selection of a Clinic or Ward, as you type the first letter, the criteria that matches it is displayed in a list. Click to select one. It appears in the selection list. Add more in the same way, as necessary | |
| Click Search | |
