Log on and log off	
Double-click the BSUH Applications folder on the PC Desktop	BSUH Applications
Double-click on the SpeechReport Client application shortcut	SpeechReport Client         30/12/2024 08:23         Shortcut         2 KB           Systembonv         07/09/2022 09:35         Shortcut         3 KB
If you have Single Sign- On (SSO) then you will be taken straight into G2 SpeechReport OR	Login - SpeechReport (UHS 4.1.1 UAT) × G2 SPEECH Client 4.1
If you do not have SSO then type in your Network (Active Directory/PC) username and password	Domain SpeechReport  Username Password Change password Login Cancel
You'll then be taken into G2 SpeechReport. If you get an error about credentials then you may need to complete a G2 account request ticket found on the Trust IT Portal, there is also a link to this on the eLearning pages.
