

Neonatal - Transfer to a different unit

There are two methods to moving a patient to a new unit within UHSussex via ICCA

You can right-click the patient from the census view and click **Transfer**

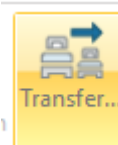

Select the unit as appropriate – Please note all units within the Trust will show in this list

Once selected, click **OK**

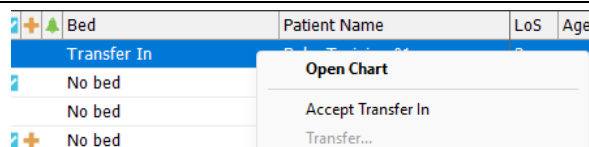

You can also transfer by selecting the patient row and clicking **Transfer** in the chart tab

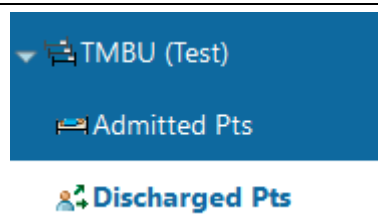

Until a Transfer in completed by the accepting unit, the patient will still show in the census as **Transfer Out**

Transfer Out Baby Training 01

In a receiving unit, right click the '**Transfer In**' patient row and select **Accept Transfer In**

Once accepted by the receiving unit the patient will show in your unit's **Discharged Pts** list

Neonatal - Transfer to a different unit	
They will appear in the receiving unit's Admitted Pts list	  TRAINING UNIT  Admitted Pts
