When using this feature from Panda, the MediViewer window is not navigable to other patients.

The screenshot shows the MediViewer interface for a patient named ABAM, Deborah (Miss) (Female). The header includes the 'MEDIVIEWER BY MIZAIC' logo and 'Patient record'. The patient's details are listed: Born 16/May/1929 (95y), NHS No 941 450 0138 (01), and MRN T1748666. A navigation bar shows '5 1 0 0' with a search icon. Below this, two clinical events are listed: 'General surgery' on 16/10/2024 at 12:00 (in 2 months) by Gastro123 Dr Fisher, and 'Ear Nose Throat' on 19/09/2024 at 12:00 (in a month) by ENT123 Dr Han. The main content area is a grid of document thumbnails under various categories: 'Investigations & Proc...', 'Unidentified', 'Gastroscopy Report', 'Operation Note', 'Sigmoidoscopy - Report', and 'SafeGuarding'. Each thumbnail shows a document cover page with a date of 16/10/2024 and a page number (e.g., 1 of 3, 2 of 3, 3 of 3).

There is a limitation when using **Reminders** and accessing the patient record from Panda. You will only be able to 'Create a Reminder'.

Close the patient's window then use the contextual link after finding the next patient.
