

## MEDVIEWER – WARD AND INPATIENT BROWSERS

The buttons relating to Wards and Inpatients enable you to look at lists of Patients by Ward (Ward Browser) or All Current Inpatients / Daycases (Inpatient Browser).

### WARD BROWSER

Click on the **Ward Browser** button

The **All Wards** screen displays:

#### All wards

Search  Sort by  Sort order  Show closed  Show closed

The **Sort by** defaults to **PAS Code** and the **Sort order** defaults to **Ascending**.

Sort by  Sort order

Click on these two dropdowns to change accordingly and you can search by **PAS (ward) code** and **Ward Name**.

Search

You can also choose to toggle on the visibility of Closed wards.

Show closed  Show closed

This screen displays the following information:

- Internal PAS (ward) code
- Ward Name
- Ward Phone number
- Status – Open or Closed
- A View button to view a list of the ward's current patients
- Whether the clinic is a Favourite or not
  - With ability to toggle this on or off

**Note:** You can access the **Inpatient Browser** from this screen, top-right, to view all current inpatients, instead of having to go back to the homepage to select it.

## MEDVIEWER – WARD AND INPATIENT BROWSERS

Click on the **View** button

The **Ward** screen displays:

SRH Ashling Ward (CASH)

Patient search Sort by Sort order

Search patient Patient Ascending Reset

The **Sort by** defaults to **Patient** and the **Sort order** defaults to **Ascending**.

Sort by Sort order

Patient Ascending

Click on these two dropdowns to change accordingly and you can search patients by all the fields that are available in the system's Advanced Search pop-up window.

Patient search

Search patient
